

PERSONAL INFORMATION Andris Sternberg

WORK EXPERIENCE

from 1999	Director Institute of Solid State Physics, University of Latvia
from 1984 - to 1999	Head of the Department of Ferroelectric Physics of the Institute of Solid State Physics, University of Latvia
(from 1982 – to 1984	Head of the Laboratory of Electrooptics, Institute of Solid State Physics, University of Latvia

EDUCATION AND TRAINING

from 2005	Full member Latvian Academy of Science
from 1999	Dr.hab.phys. University of Latvia
from 1978	Dr.phys. University of Latvia

ADDITIONAL INFORMATION

Professional Interests	Radiation effects in dielectric materials (ceramics, thin films). Plasma physics. Materials for tentative application in ITER. Nanotechnologies and nanomaterials. Governing Board member from Latvia of Fusion for Energy.
Projects	None
Memberships	None
Publications and Patents	None
Other Relevant Information	Member of EUROfusion General Assembly from Latvian EUROfusion organization Institute of Solid State Physics, University of Latvia (ISSP UL)
